Dear Parents:

Railroad tracks and trains can look like a world of adventure to a child. But, tragically, they are very dangerous.

That's why I distributed this brochure to schools in my senatorial district. Please read it over and discuss it with your child. Their respect and knowledge of safety around the railroads could save their life.

What should you do when you see:

Railroad tracks?

A flashing crossing sign?

A lowered gate?

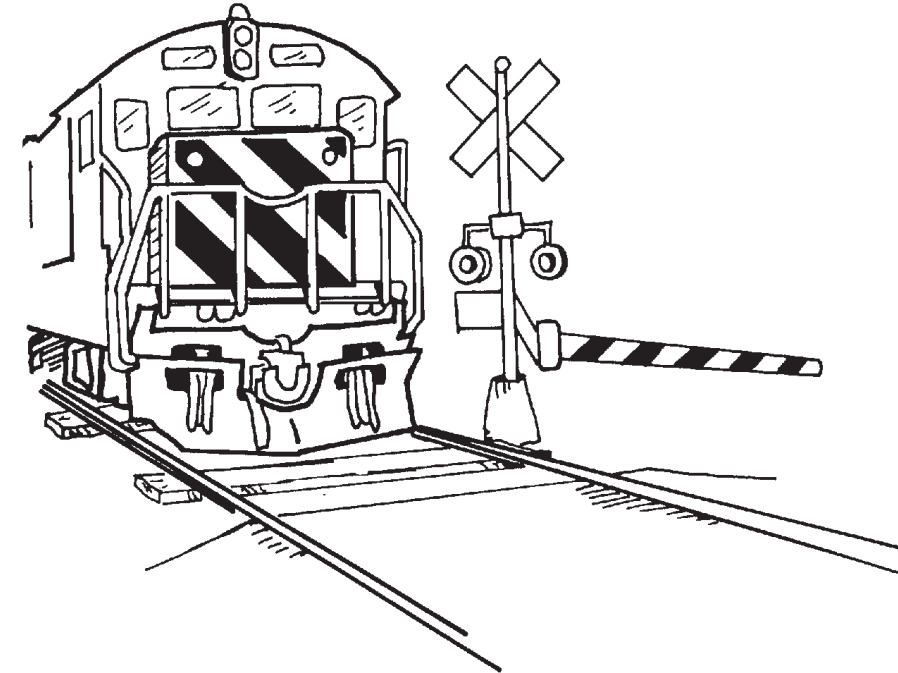

STOP, LOOK, and LISTEN

Getting On Track With

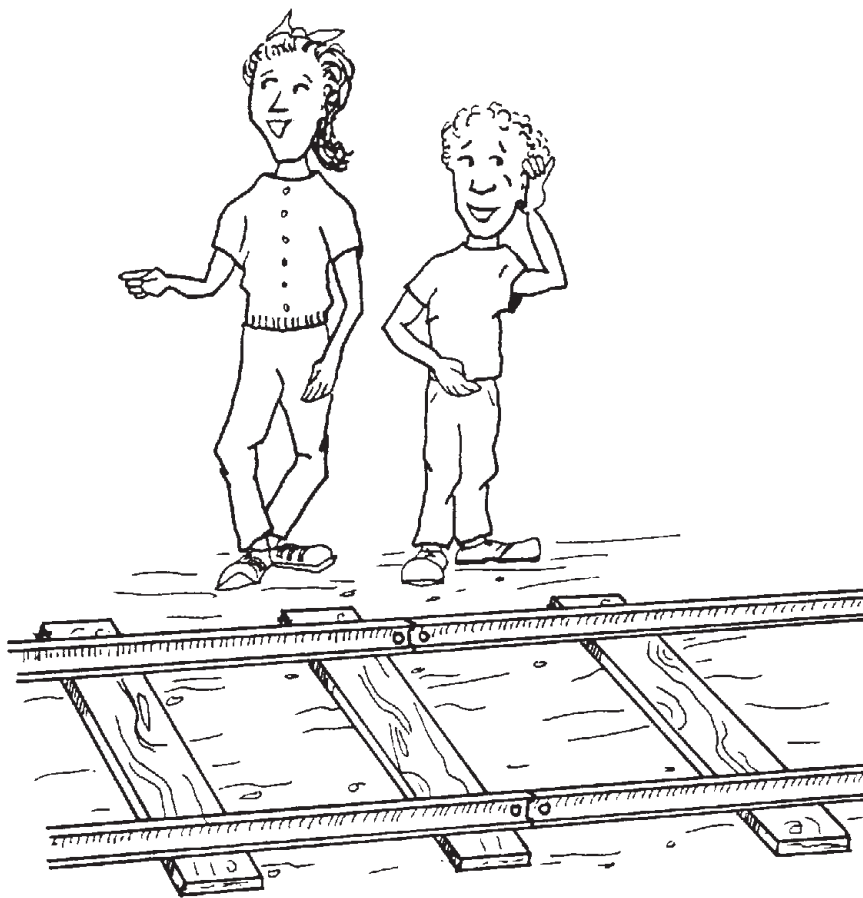

TRAIN SAFETY

A coloring and activity guide
compliments of

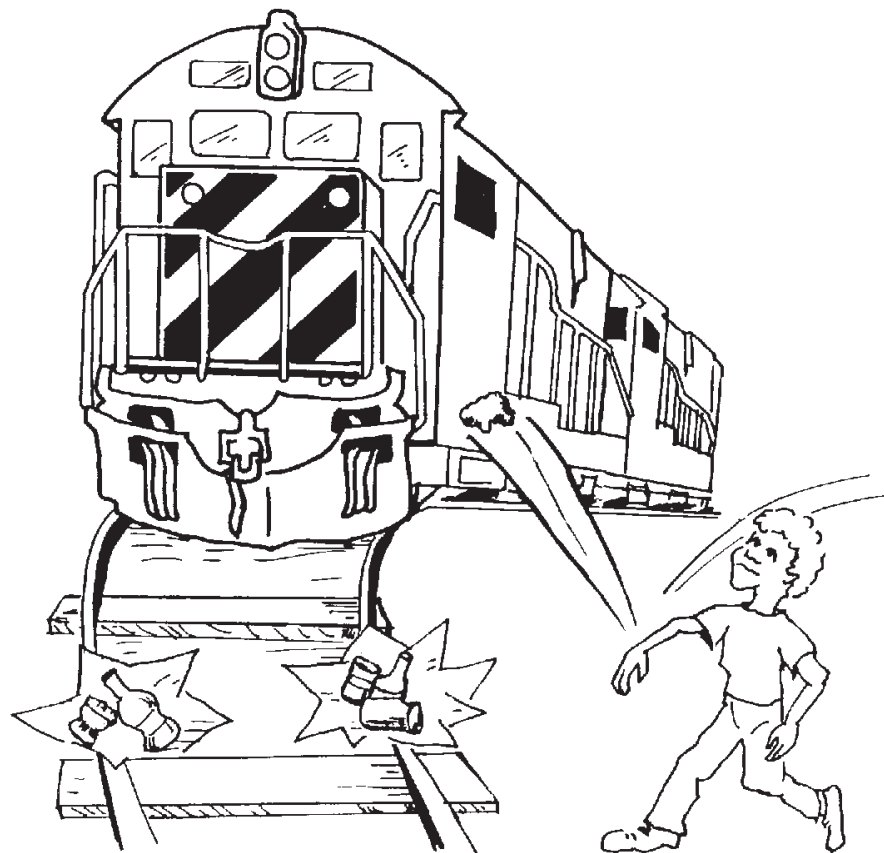

Your State Senator

**Railroad tracks are
used anytime...**

**Always STOP, LOOK,
and LISTEN.**

**NEVER put things on
the track.**

**NEVER throw things
at a train.**

**Bridges and tunnels
are NOT big enough...**

**NEVER use for
shortcuts.**
